

During a tough period for all charities, when we have had our own very challenging difficulties to surmount, we have increased the number of grants made to help children and families, despite the need to close the New Pyjamas fundraising campaign for the new hospital.

The Trustees have taken the correct decisions to ensure that we can fulfil our commitment to provide extra care for patients and families both now and in the future.

We are deeply indebted to our supporters from all walks of life who recognise our outstanding record over many years and support our vital work in transforming the lives of sick children and their families.'

## But don't take our word for it

“Our 2-day-old daughter was admitted to Ward 7 at the Sick Kids as she was fitting. This potentially horrendous experience was made so much easier to handle thanks to the amazing place that is PJs loft. If we hadn't been able to stay, as a couple, in one of the rooms just minutes from our daughter I'm not sure how we would have all coped.”
